

SPECIAL MEETING

Rose Inc/Rose Electric

May 12, 2020

Present:

Michael Rose Owner/President
Mark Johnson HVAC
Brandon Puetz Electrical
Becky Rose Secretary

Absent:

None

The meeting was called to order at 4:30 p.m. by Michael Rose. Mike reported this special meeting is being held as one of the conditions required by the South Dakota One Call Notification Board. Most of the information pertains to Mike as he is the one that does the digging, but it is being presented to all employees for their awareness.

1. Topic: Review of SD One Call Complaint and Enforcement Panel Findings/Conditions

Discussion: Mike reviewed the complaint against Rose Electric from the City of Mitchell regarding digging without a valid locate ticket.

Mike stated he started digging prior to the start date, which is a violation of South Dakota One Call, due to incoming weather. It was noted there were no damages.

Action: The SD One Call Notification Board found probable cause for an unintentional violation. There is to be no digging by Rose Inc./Rose Electric prior to completion of locates and digging by Rose Inc./Rose Electric until after the start date/time on the locate ticket to prevent any further violations from SD One Call.

2. Topic: Review of May 11, 2020 Contractor's Meeting Minutes

Discussion: Mike reported he attended the May 11, 2020 Contractor's Meeting, as another required condition by the SD One Call Notification Board.

He provided a copy of the meeting minutes to all present and reviewed the topics discussed with them.

Action: Rose Inc./Rose Electric will be in compliance for all topics discussed. If any questions arise, a City Representative will be contacted for clarification prior to any digging.

3. Topic: Review of SD One Call Laws - Chapter 49-7A

Discussion: Mike provided and reviewed the color code for marking underground utility lines and SD One Call Laws and Rules, specifically the Statutes/Chapter 49-7A regarding One-Call Notification System for Excavation Activities.

He also informed all present of the Administrative Rules from 2009 and the SD One Call Operations Manual for Facility Operators and Excavators located on the SD One Call website and how to locate this information for future reference, if needed. The administrative rules and the SD One Call operations manual were not covered in detail or as thoroughly as the SD One Call laws and rules but an overview was presented.

Mike reported he reviewed all the documents listed above and found the following areas, applicable to the employees, which were reviewed in detail with them at this meeting:

- 49-7A-8 Location of underground facilities
- 49-7A-9 Failure to provide timely location markings
- 49-7A-10 Liability for damage to underground facility
- 49-7A-12 Notification of damage to underground facility
- 49-7A-13 Inability to locate underground facility
- 49-7A-14 Local permit requirements unaffected
- 49-7A-15 Owners and operations of underground facilities required to register with one call notification system

Action: Rose Inc./Rose Electric will be in compliance for all laws discussed. If any questions arise, SD One Call will be contacted for clarification prior to any digging.

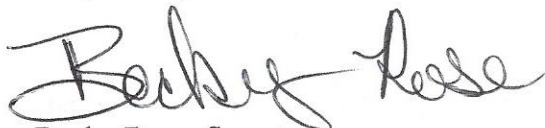

4. Topic: Round Table

Discussion: No other topics were brought up for discussion.

Action: None.

With there being no further business, the meeting was adjourned at 5:07 p.m.

Respectfully submitted,

Becky Rose, Secretary
Rose Inc./Rose Electric

South Dakota 811

Welcome to SD811.com!

Use South Dakota 811 to locate underground utilities **before you dig**. Excavators planning to dig, drill or trench should make the required locate request to South Dakota 811 two working days before the planned work. Homeowners and landowners planning their own excavation activities are required to notify South Dakota 811 as well.

Submit a locate request 24/7 to South Dakota 811 by:

Phone: Make a free call to 811 (in-state) or (800) 781-7474 (outside of South Dakota).

Web Portal: Use the new [South Dakota 811 Web portal](#) for faster processing of locate requests. Web Portal users must complete a short training session. Contact [Training](#) to request a demo or ask questions about the Web Portal. **(Please note that the portal url has been updated)**

Mobile App: Use the [new](#) South Dakota 811 mobile app for convenient and quick connection from wherever you are. Follow these [instructions](#) to download the app on your mobile device. This App is now available for use on [Android](#) products.

Newsletter: Sign up for the Excavator Newsletter [HERE](#).

Sign up for the Utility Member Newsletter [HERE](#).

Some underground lines on private property are privately-owned and may not be marked by a utility. Other underground lines, between a meter and the home or business, may be considered privately-owned. In these cases a charge by the utility may apply to locate and mark those lines.

South Dakota 811 provides for communication between excavators and underground facility operators so buried utilities can be marked in advance of any digging. Following the South Dakota 811 procedure works to reduce damages to underground infrastructure, helps to ensure public and worker safety, and protects the integrity of utility services.

USE OF THE "CONTACT US" TAB (BELOW) WILL NOT GENERATE A LOCATE REQUEST.

Laws

South Dakota One Call Laws and Rules

Excavators and facility operators should be familiar with all aspects of the South Dakota One Call system including state statutes and rules and other standards that govern the program.

IMPORTANT: PLEASE NOTE THE FOLLOWING NEW LAW CHANGE TO 49-7A-12. NOTIFICATION OF DAMAGE OF UNDERGROUND FACILITY, EFFECTIVE JULY 1, 2018:

49-7A-12. If any underground facility is damaged, dislocated, or disturbed in advance of or during excavation work, the excavator shall immediately notify the one-call notification center and, if known, the operator of the facility of the damage, dislocation, or disturbance. No excavator may conceal or attempt to conceal any damage, dislocation, or disturbance, nor may that excavator attempt to make any repair to the facility unless authorized by the operator of the facility. If the damage, dislocation, or disturbance results in the escape of any flammable, toxic, or corrosive gas or liquid, the excavator shall immediately report the escape to the authorities by calling the 911 emergency telephone number and notifying the one-call notification center and, if known, the operator of the facility.

Statutes

Chapter 49-7A of South Dakota Codified Law describes the One Call notification system for excavation activities.

Administrative Rules (Current, Proposed and Past Rules)

Article 20:25 of South Dakota Administrative Rules addresses the One Call notification system.

Attorney General's Opinions

South Dakota Attorney General Larry Long issued official opinion No. [08-07](#) in August 2008 regarding responsibility to mark underground facilities as is required by SDCL 49-7A.

South Dakota Attorney General Marty J. Jackley issued official opinion No. [10-01](#) in January 2010 regarding the applicability of one call notification requirements to railroads.

South Dakota Attorney General Marty J. Jackley issued an [opinion](#) on Feb. 22, 2011, regarding the use of federal grant funds by the South Dakota One Call Notification Board.

Declaratory Rulings

October 2010 – [Declaratory ruling](#) regarding how close an underground facility can be placed on either side of a marked facility and regarding facility operator marking the outside edge of its facility to ensure excavator maintains a minimum horizontal clearance of eighteen inches from both sides of a facility.

December 2000 – [Declaratory ruling](#) regarding when excavation can begin following notification to South Dakota One Call.

49-7A-1. Definition of terms. Terms used in this chapter mean:

- (1) "Bar test survey," a leakage survey completed with a non-conductive piece of equipment made by driving or boring small holes in the ground at regular intervals along the route of an underground gas pipe for the purpose of extracting a sample of the ground atmosphere and testing the atmosphere in the holes with a combustible gas detector or other suitable device;
- (2) "Board," One-Call Notification Board;
- (3) "Emergency," an occurrence which demands immediate action to prevent significant environmental damage or loss of life, health, property, or essential public services including the reerecting of critically needed traffic control signs or devices;
- (4) "Excavation," any operation in which earth, rock, or other material in or below the ground is moved or otherwise displaced by means of tools, equipment, or explosives, and includes grading, trenching, digging, ditching, drilling, augering, tunneling, scraping, and cable or pipe plowing or driving, except:
 - (a) Tilling of soil and gardening to a depth of twelve inches and the tilling of soil for agricultural purposes to a depth of eighteen inches;
 - (b) Pot hole repair and grading of an existing public road if the pot hole repair and grading does not extend more than eighteen inches below the finished roadway;
 - (c) Any vehicle operation or operation involving the use of any hand tool, other than a power tool, so long as such operation does not extend more than eighteen inches below the surface of the groundline within the right-of-way;
 - (d) Any road and ditch repair or road and ditch activity that does not extend more than eighteen inches below the surface of the original groundline within the right-of-way;
 - (e) Digging in a cemetery;
 - (f) Digging in a planned sanitary landfill; and
 - (g) Any bar test survey deemed necessary by an operator in response to a suspected natural gas, propane, or other combustible liquid or gas leak that is necessary to ensure public safety in an emergency;
- (5) "Excavator," any person who performs excavation;
- (6) "Member," any member of the one-call notification center;

- (7) "One-call notification center," the statewide one-call notification center established by § 49-7A-2;
- (8) "Operator," any person who operates an underground facility;
- (9) "Person," an individual, partnership, limited liability company, association, municipality, state, county, political subdivision, utility, joint venture, or corporation, and includes the employer of an individual;
- (10) "Underground facility," any item of personal property buried or placed below ground for use in connection with the storage or conveyance of water, sewage, electronic, telephonic or telegraphic communications, fiber optics, cablevision, electric energy, oil, gas, hazardous liquids, or other substances including pipes, sewers, conduits, cables, valves, lines, wires, manholes, and attachments.

49-7A-2. Establishment of One-Call Notification Board. The Statewide One-Call Notification Board is established as an agency of state government and funded by revenue generated by the one-call notification center. The board is attached to the Public Utilities Commission only for budgetary purposes. The board is solely responsible for all contractors and employment of any personnel working for the board and retains responsibility for all funds of the board and all expenditures thereof. The board is solely responsible for all functions and duties vested in the board and the board shall exercise those functions and duties independent of the Public Utilities Commission. Any interest earned on money in the state one-call fund shall be deposited in the fund. The money is continuously appropriated to the board to implement and administer the provisions of this chapter. The one-call notification center may be organized as a nonprofit corporation. The one-call notification center shall provide a service through which a person can notify the operators of underground facilities of plans to excavate and to request the marking of the facilities. All operators are subject to this chapter and the rules promulgated thereto. Any operator who fails to become a member of the one-call notification center or who fails to submit the locations of the operator's underground facilities to the center, as required by this chapter and rules of the board, is subject to applicable penalties under §§ 49-7A-18 and 49-7A-19 and is subject to civil liability for any damages caused by noncompliance with this chapter. Any penalties which may be assessed by the board under this chapter shall be collected as provided by law and deposited into the one-call fund.

49-7A-3. Governing board--Representation--Term of appointment. The one-call notification center shall be governed by an eleven member board who shall serve without pay. The board shall consist of one member representing telecommunication companies offering local exchange service to less than fifty thousand subscribers; one member representing telecommunication companies offering local exchange service to fifty thousand or more subscribers; one member representing rural water systems; one member representing rural electric cooperatives; one member representing investor-owned electric utilities; one member representing investor-owned natural gas utilities; one member representing community antenna television systems; one member representing municipalities; one member representing underground interstate carriers of gas or petroleum; and two members representing contractors who perform excavation services. The board shall be appointed by the Governor and shall serve staggered three-year terms.

49-7A-4. Rules--Operating procedures. The One-Call Notification Board shall by rules, promulgated pursuant to chapter 1-26, establish the procedures to operate a nonprofit one-call notification center, establish the procedures that regulate the notification process and marking of underground facilities to prevent damage to underground facilities, establish the procedures for gathering information from facility operators that could further improve the ability to reduce damage to underground facilities, establish a competitive bidding procedure to select a vendor to provide the notification service, and establish a procedure whereby members of the one-call notification center share in the costs of the one-call notification center.

49-7A-5. Notification of proposed excavation. No excavator may begin any excavation without first notifying the one-call notification center of the proposed excavation. The excavator shall give notice by telephone or by other methods approved by the board pursuant to rules promulgated pursuant to chapter 1-26 to the one-call notification center at least forty-eight hours prior to the commencement of the excavation, excluding Saturdays, Sundays, and legal holidays of the state. The board may promulgate rules to reduce the forty-eight-hour interval for emergency or subsequent inquiries to the original locate request and may lengthen the forty-eight-hour interval for nonexcavation requests.

49-7A-6. Repealed by SL 2002, ch 211, § 4.

49-7A-6.1. Operator not to be billed when location of excavation on notice differs from location of operator's facility. No operator may be billed for the costs of any notification of excavation if the location of the excavation described in the notice is different than the one call center's record of the description of the location of the operator's underground facilities.

Source: SL 2001, ch 251, § 1; SL 2002, ch 211, § 5.

49-7A-7. Duties of one-call notification center. The one-call notification center shall:

- (1) File with the register of deeds of each county the toll-free telephone number for notification of planned excavation activities in its area;
- (2) Maintain adequate records documenting compliance with the requirements of this chapter, including records of all telephone calls and records of all location requests for the preceding forty-eight months which can be obtained by request of either a member or excavator;
- (3) Provide the service at minimum, during normal working hours, on business days;
- (4) For calls received after normal working hours for the one-call notification center, or on nonbusiness days, provide information for callers which explains emergency notification and excavation procedures; and
- (5) Provide a timely method for notifying participating members of the information received regarding proposed excavation activities. The method of notification is to be determined by the one-call notification center and its members.

Source: SL 1993, ch 346, § 8.

49-7A-8. Location of underground facilities--Marking. An operator shall, upon receipt of the notice, advise the excavator of the location of underground facilities in the proposed excavation area by marking the location of the facilities with stakes, flags, paint, or other clearly identifiable marking within eighteen inches horizontally from the exterior sides of the underground facilities. The board shall promulgate rules, pursuant to chapter 1-26, to establish the response time for operators to mark the underground facilities. The response time shall be no later than forty-eight hours after the receipt of the notice, excluding Saturdays, Sundays, and legal holidays of the state or the excavation start time provided by the excavator, whichever is later. The response time may be less than forty-eight hours for emergency or subsequent inquiries to the original locate request and may be longer than forty-eight hours for nonexcavation requests. Excavators shall maintain a minimum horizontal clearance of eighteen inches between a marked underground facility and the cutting edge of any mechanical equipment. If excavation is required within eighteen inches, horizontally, the excavator shall expose the facility with hand tools or noninvasive methods approved pursuant to rule and shall protect and support the facility prior to further excavation with mechanical equipment.

49-7A-9. Failure to provide timely location markings--Inadequate markings--Liability. If location markings requested by an excavator are not provided within the time specified by § 49-7A-8 or any rule promulgated pursuant to § 49-7A-8, or if the location markings provided fail to identify the location of the underground facilities in accordance with statute and rule, any excavator damaging or injuring underground facilities is not liable for such damage or injury except on proof of negligence.

Source: SL 1993, ch 346, § 10; SL 2002, ch 211, § 7.

49-7A-10. Liability for damage to underground facility. Compliance with this chapter and the rules promulgated pursuant thereto does not excuse a person from acting in a careful and prudent manner nor does compliance with this chapter and the rules promulgated pursuant thereto affect any civil remedies otherwise provided by law for personal injury or for property damage except as specifically provided in this chapter. If information requested pursuant to statute or rule, is provided within the time specified and if the information provided sufficiently identifies the location of the underground facilities in accordance with § 49-7A-8 or any rule promulgated pursuant to § 49-7A-8, any excavator damaging or injuring the underground facilities is strictly liable for all damage proximately caused thereby.

Source: SL 1993, ch 346, § 11; SL 2002, ch 211, § 8.

49-7A-11. Repealed by SL 2002, ch 211, § 9.

49-7A-12. Notification of damage to underground facility--Repairs--Flammable, toxic, or corrosive gas or liquid. If any underground facility is damaged, dislocated, or disturbed in advance of or during excavation work, the excavator shall immediately notify the one-call notification center and, if known, the operator of the facility of the damage, dislocation, or disturbance. No excavator may conceal or attempt to conceal any damage, dislocation, or disturbance, nor may that excavator attempt to make any repair to the facility unless authorized by the operator of the facility. If the damage, dislocation, or disturbance results in the escape of any flammable, toxic, or corrosive gas or liquid, the excavator shall immediately report the escape to the authorities by calling the 911 emergency telephone number and notifying the one-call notification center and, if known, the operator of the facility.

49-7A-13. Inability to locate underground facility. If in the course of excavation the excavator is unable to locate the underground facility or discovers that the operator of the underground facility has incorrectly located the underground facility, he shall promptly notify the operator, or, if unknown, the one-call notification center.

Source: SL 1993, ch 346, § 14.

49-7A-14. Local permit requirements unaffected. This chapter does not affect or impair any local ordinances or other provisions of law requiring permits to be obtained before excavation. However, a permit issued by any governing body does not relieve the excavator from complying with the requirements of this chapter.

Source: SL 1993, ch 346, § 15.

49-7A-15. Owners and operators of underground facilities required to register with one call notification system. Any person owning or operating underground facilities, including a farm tap customer owning a farm tap distribution system, which serves third parties or which crosses a property line or is located in a public highway shall register with the one call notification system as an operator pursuant to this chapter.

49-7A-16. Repealed by SL 1997, ch 263, § 7.

49-7A-17. Complaints--Rules of Practice. Any person with a complaint against a party who violates or with a complaint against a party who procures, aids, or abets in the violation of § 49-7A-2, 49-7A-5, 49-7A-8, or 49-7A-12, or any rules promulgated pursuant to § 49-7A-2, 49-7A-5, or 49-7A-8, may apply to the board for relief. No complaint may be dismissed because of the absence of direct damage to the complainant or petitioner. The board may promulgate rules of practice prescribing the form for complaints in accordance with chapter 1-26.

Source: SL 2002, ch 211, § 11.

49-7A-18. Penalties. Except as provided in § 49-7A-19 and in addition to all other penalties provided by law, any person who violates or who procures, aids, or abets in the violation of § 49-7A-2, 49-7A-5, 49-7A-8, or 49-7A-12, or any rules promulgated pursuant to § 49-7A-2, 49-7A-5, or 49-7A-8 may be assessed a penalty of up to one thousand dollars for the first violation and up to five thousand dollars for each subsequent violation that occurs within twelve months of the initial violation.

Source: SL 2002, ch 211, § 12.

49-7A-19. Penalties for intentional violations. In addition to all other penalties provided by law, any person who intentionally violates or who intentionally procures, aids, or abets in the violation of § 49-7A-2, 49-7A-5, 49-7A-8, or 49-7A-12, or any rules promulgated pursuant to § 49-7A-2, 49-7A-5, or 49-7A-8 may be assessed a penalty of up to five thousand dollars for the first violation and up to ten thousand dollars for each subsequent violation that occurs within twelve months of the initial violation.

Source: SL 2002, ch 211, § 13.

49-7A-20. Each violation as separate offense. Each violation of any statute or rule of the Statewide One-Call Notification Board constitutes a separate offense. In the case of a continuing violation, each day that the violation continues constitutes a separate violation.

Source: SL 2002, ch 211, § 14.

49-7A-21. Complaint and order prerequisites for penalty--Time limit. No penalty may be imposed pursuant to §§ 49-7A-18 and 49-7A-19 except by order following a complaint pursuant to § 49-7A-17. A complaint alleging a violation of any statute, except § 49-7A-12, or alleging a violation of any rule of the Statewide One-Call Notification Board shall be brought not later than ninety days after the discovery of the alleged violation, but in no case may the complaint be brought more than one year after the date of the alleged violation. Any complaint alleging a violation of § 49-7A-12 shall be brought within one year of discovery of the alleged violation.

Source: SL 2002, ch 211, § 15; SL 2010, ch 220, § 1.

49-7A-22. Panel to determine existence of probable cause for violation--Recommendation to board. Upon the initiation of a complaint pursuant to § 49-7A-17, a panel of three or five members of the Statewide One-Call Notification Board shall be appointed by the chair for the purpose of determining whether there is probable cause to believe there has been a violation of any statute or rule of the board. A determination of whether there is probable cause to believe there has been a violation shall be determined by a majority vote of the panel. The panel shall then recommend to the board that the complaint be dismissed for lack of probable cause, or recommend to the board that there is probable cause to believe that there has been a violation and recommend what penalty, if any, should be imposed pursuant to the provisions of § 49-7A-18 or 49-7A-19.

Source: SL 2002, ch 211, § 16.

49-7A-23. Panel to forward complaint to respondent. Upon receipt of a complaint and the appointment of a panel, the panel shall forward to the respondent a statement of the complaint and a notice requiring the respondent to satisfy the complaint or answer it in writing within twenty days from the date of service of the notice or within such further time as may be specified by the board.

Source: SL 2002, ch 211, § 17.

49-7A-24. Respondent to satisfy or answer complaint--Procedure. The respondent shall, within the time fixed by the notice served upon it, satisfy the complaint or answer the complaint by filing the original and two copies of the answer in the office of the board and

-serving a copy on each complainant.

Source: SL 2002, ch 211, § 18.

49-7A-25. Complaint, answer to be sole basis for probable cause determination. A determination of probable cause shall be made by the panel solely on these submissions and no other evidence shall be considered.

Source: SL 2002, ch 211, § 19.

49-7A-26. Factors considered in determining amount of penalty. The amount of recommended penalty shall be determined by a majority vote of the panel. Factors to be considered in determining the amount of the penalty shall be:

- (1) The amount of damage, degree of threat to the public safety, and inconvenience caused;
- (2) The respondent's plans and procedures to insure future compliance with statute and rules;
- (3) Any history of previous violations;
- (4) Other matters as justice requires.

Source: SL 2002, ch 211, § 20.

49-7A-27. Board to accept panel's recommendation--Exception when party requests hearing--Conduct of hearing. The board shall accept the recommendations of the panel unless either party requests a hearing. A party requests a hearing by rejecting the panel's recommendation within twenty days from the date of service of the notice. However, the board may extend the time period for requesting a hearing. Failure to request a hearing is considered acceptance of the panel's recommendation. If a hearing is held, the hearing shall be conducted before the board as a contested case under chapter 1-26. Following the hearing, the board shall either render a decision dismissing the complaint for insufficient evidence or shall impose a penalty pursuant to the provisions of § 49-7A-18 or 49-7A-19.

Source: SL 2002, ch 211, § 21; SL 2007, ch 264, § 3.

49-7A-28. Action to recover penalty. If the amount of the penalty is not paid to the board, the board, shall bring an action in the name of the State of South Dakota to recover the penalty in accordance with § 49-7A-33. No action may be commenced until after the time has expired for an appeal from the findings, conclusions, and order of the board.

Source: SL 2002, ch 211, § 22; SL 2018, ch 261, § 2, eff. July 1, 2019.

49-7A-29. Record and evidence in court action. In the trial of an action pursuant to § 49-7A-28, the evidence introduced in the proceedings before the board shall constitute the record and evidence on the trial of the case in court. No additional evidence other than that introduced before the board may be introduced at the court trial. The report and order of the board shall be taken and held to be prima facie evidence of the facts stated therein.
