Good Morning –

The telephonic prehearing conference in this matter is this Friday, October 30. At or just before 11 am CT / 10 am MT PLEASE CALL **(605) 224-1125** and enter the Code **0044612** followed by #

I would like you to be prepared to discuss the logistics and the details for the upcoming hearing. Please have your list of witnesses handy. On November 17, it will be a Zoom hearing, so I will need to have you send all evidence to the opposing party, as well as to the members of the Board and myself. Codi Gregg from the 811 Board will be on the phone call Friday and will instruct you the best way to send in your documents.

This is also a good time for you to ask me any questions on how the meeting will be conducted, or any other questions you might have.

Mr. Askland, if you have an attorney representing you at the hearing, please send this e-mail to them and let me know who the attorney will be.

I've attached a copy of the Notice of Hearing for convenience purposes.

Any further questions, please let me know.

Catherine S. Williamson
Office of Hearing Examiners
