RE: Claim # 4020217532
 Insured Prunty Construction Co Inc
 Date of loss August 22, 2019

Dear Ms. Rempfer Brown:

We are in receipt of your emails regarding the denial of your claim for loss of income. Our investigation was based on our conversations with Chris Brown, Beth Saylor and Delton Hoffer all present when the Midco line was hit. All three tell me that the line was outside of the 18" tolerance zone. The photo that we have was provided by Chris Ritter and was taken the day of the hit on August 22nd.

Our investigation revealed no negligence on the part of our insured and we stand by our denial of your loss of income claim.

Sincerely,

United Fire & Casualty Company

Ann Landerfield
